<b>Project outcomes (from SLA)</b> <ul style="list-style-type: none"> <li>• Reduction in antisocial behaviour</li> <li>• Provision of extended children and young people services</li> <li>• Alternative support available for more challenging children and young people</li> <li>• Links to local schools, police and children and young people groups</li> </ul>			
<b>Reporting period dates</b>	<b>29/5/15</b>	<b>Nr of people benefiting from the project during the reporting period</b>	<b>3</b>
<b>Introduction:</b> <i>The project was to hold a taster day for 10-16 year olds at Meden Sports Centre on 29/5/15. The activities were; dance, hula hooping, free running and badminton</i>			
<b>Activities undertaken during reporting period:</b> <p>The taster day went ahead, but unfortunately only 3 young people turned up. This may have been due to the terrible weather in the morning and the fact that we didn't have much time to get the message out. However the 3 that did participate, joined in every session and really enjoyed themselves.</p>			
<b>Outcomes the project has contributed to:</b> <i>We provided 4 full hours of activities for young people in the half term holiday and linked to the schools, the childrens centre and Longden Terrace when promoting the sessions.</i>			
<b>Timescales:</b> <p><i>This was a one off taster day, but we would like to do another session later on in the summer using Warsop Carnival and an open day at the leisure centre to advertise the session. We have found out from similar days at two of our other centres, that word of mouth seems to be the best way of getting the information out to young people. Even though it was advertised via Meden School, posters in shops and on social media, it may be better if we can speak to the young people directly</i></p>			
<b>Plans for next reporting period:</b> <i>We would like to put on another free running session and will do some consultation with young people to find out what they would like to see.</i>
